BLIND, AWNING AND SHADE SAIL MESH

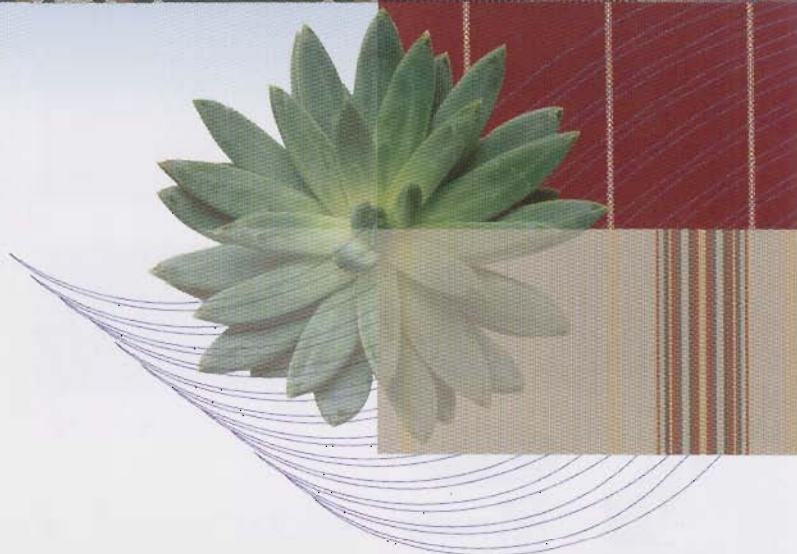

*cool  
superior  
stylish  
durable*

When choosing a fabric for window coverings or shade sails, now you can enjoy your view and relax with the cool outside breezes. Outlook provides protection from the sun and still lets the outside in, enhancing your lifestyle and adding real value to your home.

The stylish weave of Outlook enables air and light to filter through the mesh, while an extensive range of designer colours and patterns will complement any home or building. Select from our vast colour palette and create your own unique look to either blend with your existing surroundings or make a bold design statement!

For sun control, cool breezes and uninterrupted views, the solution is Outlook.

PHIFER WIRE PRODUCTS, INC.

# OUTLOOK

BLIND, AWNING  
AND SHADE SAIL MESH

Outlook has been exclusively designed for window coverings and lightweight shade sails with the strength and performance characteristics for both applications.

Outlook mesh is no ordinary shade fabric. It allows air to circulate through it, while still blocking out harmful rays from the sun.

The stylish look of Outlook is easy to protect and maintain. Clean the fabric by brushing occasionally with a soft brush and hosing with clean water. Outlook also has a high resistance to sagging, fraying and tearing. With a **3 year limited warranty**, Outlook blinds, awnings and sails will maintain their shape and colour for years to come.
